ISO VIRTUAL FORUM: FALL 2020 UPDATES / Q&A *CONTINUING STUDENTS*

TUESDAY, AUGUST 11, 2020
7:00PM-8:00PM

Agenda

- Fall 2020 USDHS Guidance
- Visa Processing at U.S. Embassies/Consulates
- Travel Bans/Restrictions
- Other Issues
- Additional Pre-Submitted Questions

This ISO Virtual Forum slides will be posted on the ISO website after the session. A recording of the Forum will be posted as soon as available.

Role of ISO

- ISO Staff are here to support you, and continue to facilitate connections, even during these times of social distancing.
- The ISO does not work for the U.S. Government. We are an advocate for you and assist you in complying with all regulations and reporting requirements in SEVIS. Both students and MIT have regulatory requirements of which we must comply.
- ISO uses weekly e-newsletters and our website to keep you informed of upcoming ISO and MIT events, programs, and news that will support your stay.
- Check our website regularly and use our *Knowledge Base* for frequently asked questions

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

FALL 2018

Travel to U.S.

- If you are currently inside the U.S., recommend you remain in the U.S.
- Travel Ban and Travel Restrictions
 - Subject to a current Travel Restriction (14 days from when last in country before arrival to US):
 - Europe (Schengen countries plus UK and Ireland)
 - [DOS announced on July 16](#) exemption for certain visa holders
 - F-1 visa holders now exempt
 - J-1 (students) must request a National Interest Exemption (NIE) at U.S. Embassy/Consulate
 - China
 - Iran
 - Brazil

Presidential Proclamation – Graduate Students/Researchers from China

- June 1, 2020 - [Presidential Proclamation – Suspension of Entry of Certain Students and Researchers in F and J status from China](#)
 - Does NOT apply to undergraduate study
 - suspends entry if an individual is connected to an entity that “implements or supports” the government of China’s “military-civil fusion strategy.”
 - An individual is considered to have a connection to such an entity if he or she has been funded by, employed by, studied or researched at, or on behalf of the entity.
 - No advance determination – notified at time of visa application at U.S. Embassy/Consulate or upon entry to the U.S.

FALL 2018

How Late Can I Arrive to MIT for Fall 2020?

- No Later than November 9, 2020
- In-Person/Hybrid instruction for Fall 2020 semester ends November 20
 - ▣ Student must arrive to campus and:
 - complete required COVID-19 testing and self-isolation before accessing campus
 - attend in-person subject components
 - ISO must report to SEVIS your arrival to the U.S. and start of study
- Your academic program may set an earlier deadline to arrive based on program curriculum – Please consult your program

ISO Emergency Number for issues at U.S. Port-of-Entry

- ISO Emergency Phone Number: 617-258-5480
 - Will be connected with an ISO Advisor
 - For use ONLY for issues while at U.S. Customs and Border Protection (USCBP) at the U.S. port-of-entry (U.S. airport or border crossing)
 - This number should not be called to report a successful entry to the U.S.
- NOTE: It is common for students to be sent to USCBP Secondary Inspection at port-of-entry
 - Being sent to Secondary Inspection does **NOT** mean that anything is wrong with visa documents or eligibility to enter the U.S.
 - Secondary Inspection has access to SEVIS and can verify student status (not possible at primary inspection)
 - Make sure you have ALL visa documentation, funding documentation, enrollment information on your person (not packed in checked baggage)

Leave of Absence

- ❑ Students who will NOT register as a full-time student in Fall 2020 (including NOT pursuing the Fall 2020 remote from abroad)
- ❑ Undergraduate Students
 - ❑ Contact [Student Support Services \(S3\)](#)
- ❑ Graduate Students
 - ❑ Contact your Graduate Administrator in your Academic Program
 - ❑ Contact the [Office of Graduate Education \(OGE\)](#)
- ❑ Leave of Absence will require student to depart the U.S.
 - ❑ Medical Leave may allow student to remain in the U.S.
- ❑ **MUST** contact your [ISO Advisor](#) to address visa status issues

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

5 Month Temporary Absence Rule

- Pre-COVID, a student outside the U.S. for 5 months or more is considered to have a break in F-1 status
 - ▣ To re-enter the U.S., would require a new Form I-20
 - ▣ After new entry to U.S., must be a full-time enrolled student in F-1 status for at least “one full academic year” (combination of Fall + Spring semester) to be eligible for F-1 CPT or OPT off-campus employment authorization
- 5-month rule suspended in March 2020, so continuing students could return in Fall even if outside U.S. longer than 5 months
 - ▣ F-1 status considered maintained while enrolled full-time pursuing MIT coursework remotely from abroad
- No confirmation if 5 month rule suspension will be extended or ended
- If ended, students likely would need to return within 5 months of start of Fall term (by mid-January 2021)
- ISO will notify the community when we receive any updates

Additional Pre-Submitted Questions

INTERNATIONAL STUDENTS OFFICE
Massachusetts Institute of Technology

FALL 2018

Additional Pre-Submitted Questions

Can you clarify what is a “New” Student and what is a “Continuing” Student?

New Students, in relation to the USDHS Guidance, includes any student who is beginning a new program of study at MIT in the Fall 2020 semester. This includes any student who is a “Transfer” for visa purposes coming to MIT after completing a degree program at another university inside the U.S., and entering the U.S. from abroad.

Continuing Students include any student pursuing a degree program in the Spring 2020 semester at MIT.

“Change of Degree Level” students, who pursued a degree program at MIT in Spring 2020 semester but are entering the U.S. from abroad to start a new MIT degree program in the Fall 2020 semester are in a gray area with the guidance since their visa document is in “New” or “Initial” status.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

I have been unable to secure a visa interview appointment at the U.S. Consulate, what are my options?

Each U.S. Embassy/Consulate will resume visa services as conditions allow in the country/city – staffing, resources, local COVID-19 conditions.

If there is another consular post in your country of citizenship or residency other than your local post that may be scheduling visa interview appointments, you can check if you will be able to secure one even if it is not your local post (each consulate will have policies about serving non-local applicants).

If you are unable to secure a visa to arrive for Fall 2020 semester, please be in contact with your academic program to confirm pursuing the Fall term remotely from abroad until you are able to secure your student visa to travel to the U.S.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

What documentation must I carry with me when entering the U.S.?

Details on entering the U.S. is available on the ISO webpage [“Entering the U.S.”](#).

The ISO also makes available a [letter to download/print](#) from the ISO website for eligible students to carry when applying for their visa and for entering the U.S. in the Fall 2020 semester.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

Is there possibility that we start with a hybrid model and transition to full online? If so, will we be allowed to stay in the US?

If MIT is required to transition to fully online for all students, then, under the July 24 USDHS Guidance, students physically inside the U.S. will be allowed to remain in the U.S. and continue their studies full-time online for the remainder of the semester (or longer if allowed by further USDHS guidance). As Continuing Students are allowed to pursue the Fall 2020 semester even fully online while in the U.S., such a change will not impact Continuing Students based on current guidance.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

Reports are that my local consulate will resume visa services soon. I haven't booked an emergency appointment yet. Should I go ahead and book one now? What are the consequences if my emergency appointment request is rejected?

Students should schedule a visa interview as soon as possible and for whatever time is available, even if after the start of the Fall 2020 semester. It is not possible to request an expedited/emergency appointment if you do not already have a visa interview appointment scheduled. If an expedited/emergency appointment is rejected, then you will be able to still attend your initial scheduled visa interview.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

After I arrive to MIT, what are the quarantine procedures?

After arrival to MIT, MIT Medical will test students returning to campus upon arrival and require a 7-day quarantine period in your residence, and then a second test before being able to access campus.

Details are available on the MIT COVID-19 Info Center FAQ webpage (<https://covid19.mit.edu/fall-2020-faq>).

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

I am a Canadian citizen entering in F-1 status and currently deciding between crossing the land or the air border. I have heard that it is more difficult when crossing the land border, can you provide any advice on this?

First, as a reminder, Canadian Citizens do NOT need to apply for an F-1 or J-1 visa at a U.S. Embassy/Consulate in advance of entering the U.S. to pursue studies. Students from Canada will present their visa documents and proof of admission to MIT and financial support documentation to the U.S. Customs and Border Protection Officer when entering the U.S. There should be no difference if you are entering via a land border or by air.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

Is there a way to figure out why a visa application is put under "Administrative Processing"?

Unfortunately no. The visa officer will not disclose the reason, nor are they likely to know the specific reason. There are a number of reasons that may require an application undergo additional security reviews, including similar names on security lists, country of birth or citizenship, travel history, employment history, field of study, or other factors that may not have anything to do with you personally.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

I have a valid F-1 (or J-1) entry visa from my previous program of study in the U.S. Can I use this visa to enter in the same status to begin my program of study at MIT?

Yes. As long as the visa is to enter in the same visa status, has not expired, and has not been marked “cancelled” or “revoked”. Students must carry not only the MIT Form I-20 (or Form DS-2019), but also the Forms I-20 (or Forms DS-2019) from your previous school for which you were issued and used that visa. If you do not have your previous Forms, students are advised to contact their previous school and request photocopies of the Forms or a letter from the school confirming your dates of enrollment at that school in the visa status for which the visa was issued.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

Do you know of any anecdotal difficulties that continuing students with online classes are facing in entering the US?

We have reports that Continuing Students have been able to re-enter the U.S. within 30 days of the start date of the Fall 2020 semester (so starting as of August 1, 2020).

We recommend students be sure to carry all visa documentation, the ISO Fall 2020 support letter that can be downloaded from the ISO website, and proof of enrollment at MIT (including Fall 2020 pre-registration if possible) when entering the U.S. Please consult the ISO webpage [“Entering the U.S.”](#) for further details.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

My subjects for the Fall will only be virtual. As a Continuing Student can I arrive to the U.S. anytime during the Fall?

We are not sure what experience continuing students will have entering the U.S. in the middle of the Fall term. Continuing Students are allowed to pursue the Fall 2020 semester fully remote/online either inside or outside the U.S., so students should be allowed to enter.

We do feel Continuing Students trying to return to the U.S. during the term, not delayed due to visa processing, to be sure to have documentation of their enrollment for the Fall 2020 semester, as well as the ISO Fall 2020 support letter (which can be downloaded from the ISO website) in-hand in case U.S. Customs and Border Protection (USCBP) wants verification of your Fall 2020 enrollment.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

My US visa will expire before my program ends. I hope to do post-completion work permission (F-1 OPT / J-1 Academic Training). Do I need to renew my visa?

The entry visa issued by the U.S. Embassy/Consulate abroad is like a ticket to get into the U.S. Once you are inside the U.S., the visa can expire and you can remain in the U.S. as long as you are maintain your visa status as an enrolled full-time student or have authorization for post-degree-completion training. It is not possible to apply for/obtain a new visa from inside the U.S. You would apply for a new visa at the U.S. Embassy/Consulate the next time you travel abroad and need to re-enter the U.S. in student visa status (even on OPT or AT).

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

To date, have there been any changes in post-completion OPT requests (e.g., eligibility, success)?

The OPT application process remains the same.

USCIS still requires all OPT/STEM OPT Extension application must be filed/received by USCIS while the student is physically present inside the U.S. It is NOT possible to file an OPT/STEM OPT Extension application from abroad.

Processing times continue to average 90-100 days.

We had seen delays between OPT approval and EAD card printing (normally 1 week, had seen cases taking 3 weeks), but it appears to be getting better.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

I am a Ph.D. student and I am currently in the United States. Since the next semester is mostly online, can I reside in another state (other than MA) during next semester?

From a visa perspective, Continuing Students are allowed to take the Fall 2020 semester coursework fully remote/online from inside or outside the U.S. So residing in another U.S. State would be possible for Continuing Students.

ISO recommends students consult with their academic program/academic advisor to confirm if there are any in-person requirements that must be done on-campus (including any TA or RA responsibilities).

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

If I leave the US to visit family, how likely am I to be denied re-entry into the US?

Normal regulations about proving status as a full-time enrolled student will be required in order to re-enter the U.S. from abroad (in addition to having a valid passport, valid entry visa from a U.S. Embassy/Consulate, valid travel signature on Form I-20/DS-2019, etc.).

Please consult the ISO website [“Entering the U.S.”](#) for detailed guidance.

Students traveling in the middle of a term may face more questions about Fall 2020 term courseload.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

I am traveling outside of the U.S. and need a new travel validation signature on my Form I-20/Form DS-2019, how do I get a new signature?

Travel signatures are generally valid for 12 months from the date of signature as long as the student will be re-entering the U.S. to continue their F-1 or J-1 status. Exceptions include travel back to the U.S. from Canada, Mexico, and certain Caribbean Islands (signature needs to be within 6 months), or if on a period of authorized post-degree F-1 OPT, F-1 STEM OPT Extension, or J-1 Academic Training.

Students who need a new travel signature can login to iMIT and under the F-1 Student Services/J-1 Student Services menu can submit a “Request for Replacement Form I-20/Form DS-2019” that can be generated and mailed to the student. Please provide at least 10 business days for the ISO to process the new visa document plus mailing time.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

Are there limitations to traveling to other U.S. States? What are the MIT restrictions if I am returning to campus from travel to other parts of the U.S.?

For information on travel restrictions on travel to another U.S. State, please consult the U.S. Centers for Disease Control and Prevention “Travel during the COVID-19 pandemic” webpage (<https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-during-covid19.html>).

For details on MIT travel restrictions for students, faculty, and staff are available on the MIT COVID-19 Info Center website (<https://covid19.mit.edu/travelers-visitors>) and the MIT COVID-19 Fall 2020 FAQ (<https://covid19.mit.edu/fall-2020-faq>).

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

I will not be completing my degree program by the end date currently on my Form I-20/Form DS-2019. How can I obtain an updated visa document to reflect my actual future program completion date?

If you will need additional time to complete your degree program, you will need to file a request for Extension of your Form I-20 (or Form DS-2019). Details on how to make this request is available on the ISO website

(<https://iso.mit.edu/maintaining-status/extending-your-current-program/>). The request for the Extension Form I-20/DS-2019 will be made in iMIT. The Extended Form I-20/Form DS-2019 must be issued BEFORE the end date of your current Form I-20/Form DS-2019.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

Are there additional quarantine/testing requirements that need to be met when traveling to the U.S.?

Separate from the MIT guidance (under the "Arrival/Orientation" section - <https://covid19.mit.edu/fall-2020-faq>), we are hearing that individual airlines have testing requirements for individuals boarding flights to the U.S.

Students are advised to review the airline's website at time of making your flight reservation, as well as when you are closer to your departure date, to be sure you are meeting any testing/isolation/quarantine requirements before boarding your flight to the U.S.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

If I am a continuing students entering back from a Schengen area, do I have to arrive directly in MA or can I stop in another state? Or could I re enter in Boston and directly fly to another state?

We recommend that students consult the U.S. Department of State guidance on traveling to the U.S. from the Schengen area (including the United Kingdom and Ireland) posted [here](#). We do recommend entering the U.S. at Boston Logan International Airport if possible as it is the closest airport to the MIT campus and is identified as one of the primary ports-of-entry for flights subject to travel restrictions/bans.

INTERNATIONAL STUDENTS OFFICE

Massachusetts Institute of Technology

Additional Pre-Submitted Questions

I graduated in May 2020, and I am currently on F1 OPT with an internship offer ending at the end of the year. Is it safe to travel back home to see my family in Europe and come back before my internship ends?

Please consult the ISO webpage “Travel During F-1 OPT/STEM OPT” for details and recommendations. Students on OPT/STEM OPT, and J-1 Academic Training, need to be sure to have your OPT/STEM OPT/J-1 AT authorization in-hand as well as a letter from your employer confirming you need to return to the U.S. to continue your internship/experience in-person within the U.S. after temporary travel abroad. Please feel free to contact your [ISO Advisor](#) with any questions.
